MR. FRANK DIBBLE SPEAKS AT MATTAPOISETT CLUB

Mr. Frank Dibble spoke on "Road to the White House" at the meeting of the Mattapoisett Woman's Club held last Thursday afternoon in the Congregational Church parish hall. Mr. Dibble, a member of the faculty at Tabor Academy, Marion, told of how the electoral college works in electing a president. He also gave a history of interesting presidential elections.

In speaking of the coming election he named the candidates in both the Republican and Democrat parties who are seeking the nomination for president. The main issues of this coming campaign are, in Mr. Dibble's opinion, integration, labor, farm, religion, the missile program and East vs. West. A question and answer period followed Mr. Dibble's talk. Mrs. Harold Banks, program chairman, introduced the speaker.

Mrs. Grace Engesser presided at the business meeting and welcomed those present. The invocation was by Mrs. Orum Kerst. The president announced that in recent months she has attended the Fall meeting of the State Federation in Stoneham, a Third District meeting in Canton and a Club Institute in Boston. She also announced that the Mid-Winter meeting of the State Federation would be held in Boston Friday, January 29th.

A card was received from the State Federation thanking the club for its donation to the Penny Art Fund.

It was voted to donate $2.00 for a drama scholarship and $5.00 towards a music scho-

ROCHESTER PASTOR SPEAKS AT P-TA

A small but appreciative audience at the Rochester Parent-Teachers Association meeting held at the Rochester Memorial School heard Rev. James Hamway speak on "Problems Facing Teenagers". Mr. Hamway is pastor at East Rochester Congregational Church.

Mr. Hamway stressed that children must be taught by "precept and example". Today the world is faced with "moral decay, indifference", noted Mr. Hamway the training of "little bundles of life" to face life and "be pillars of society", rests with the parents and educating of "basic principles in school". The speaker noted that teenagers learn by example and that a parent cannot do one thing and expect the child to behave correctly. Concluding, Mr. Hamway

emphasized that a "parent wastes time, energy and money unless the child is trained to face life", and the result is "moral failure", concluded the speaker.

Mrs. Joseph A. Chamberlain, president, announced that the representative from Girl Scout Headquarters, New Bedford was unable to attend to answer questions pertaining to having a Brownie Troop. Mrs. Chamberlain noted that Miss Jean Cay from the New Bedford organization had called her earlier and relayed the following information.

If the P-TA wishes to sponsor the Brownies, a committee of 5 to 7 members with a chairman is necessary, and the committee would be responsible for recruiting girls and continuing leadership. Another responsibility of the P-TA would be to see that there is an active committee every year.

To be eligible to join the Brownies, girls must be between the ages of 7-10 years and a troop may have from 16 to 24 girls.

Volunteering to obtain further information and report at the next meeting were Mrs. Madeline Arruda, Mrs. Eunice Jenkins, Mrs. Faith Saunders, Mrs. Omerine Ross and Mrs. Bertha Tavares.

Mrs. Chamberlain spoke on the membership drive being sponsored by the membership chairman, Mrs. Florence Zora, and her committee. Letters have been sent to each family having children in school, and the classroom having the greatest percentage of parents joining the P-TA, both fathers and mothers, will be rewarded with a Valentine Party. The drive will conclude February 5th, and results will be announced the following week. It was noted that a child that has only one parent will automatically receive 2 points necessary.

Mrs. Chamberlain noted that the Founders Day gift is to honor Alice McLellan Birney and Phoebe Apperson Hearst, original members of the First Congress of Mothers. The gift received is divided equally between the state branch and the National Congress for extending parent-teacher work.

Room visitations were held before the meeting, and the program started with the showing of science slides taken by Thomas J. Mac Donald, faculty member, of various science activities at school.

The refreshment table, carrying out the Valentine motif, featured red candles, red hearts with matching napkins and plates. Refreshments of assorted cupcakes, squares and coffee were served buffet style. PARLOR ORGAN GIVEN TO ROCHESTER CHURCH

A lovely parlor organ was donated to the First Congregational Church of Rochester by Mrs. Mary Holmes, now living in Saigon, Vietnam, in memory of her mother, Mrs. Florence Hathaway Delano.

The reading of the presentation of the memorial organ was given by Mrs. William Warburton, clerk, and Mrs. Ethel Gary, a trustee of the church, gave the acceptance.

Mrs. George A. Hill, Jr., minister, gave the words of dedication followed by a unison prayer of dedication from the congregation.

Special guests at the dedication service were Mrs. Holmes' sister, Mrs. Ruth Chase, accompanied by her husband, son and daughter, from Swansea.

FLU SEASON HERE. SHOTS AVAILABLE

Mr. Arthur Lionberger, Christmas Seal chairman for the town of Rochester, announced that the Plymouth County Health Association would like to remind you that the flu season is here.

Dr. Benjamin F. Hartley, Jr., president of the association, stated that "there are shots available against influenza. The shots are very effective and may keep you from contracting the disease". The shots are advised very strongly for expectant mothers, young children and persons who are exposed to crowded conditions. The great increase noted in absenteeism among school children and the working force of Plymouth County is a strong indicator that the flu is spreading in the county. "It is always wise in a case such as this", Dr. Harley added, "to check with your family doctor. He is the best qualified person to determine your need for a protective shot".

If you are planning a skiing week-end, it might be wise to get a shot of flu vaccine. The crowded conditions that exist in ski areas are ideal for the spread of flu.

It is always better to be safe than sorry, so check with your family physician and see what he recommends for your family members.

Mr. Lionberger stated that "since the Plymouth County Health Association is always interested in all phases of your health, this reminder is brought to you as a public service by Christmas Seals and your TB association".

COMMUNISM

In spreading their propaganda, the Communists do not use soapbox methods.

They use subtle but highly effective methods when attempting to "brainwash" people.

By working through organizations and their publications, for example, they are able to create false impressions against whatever the Party decides must be discredited. For instance, they may put forth articles or comments to discredit the FBI, the Justice Department, Investigating Committees, etc., by, perhaps, inserting an article citing a distorted account of a deportation case in which the Justice Department is criticized for using "Gestapo" methods; or they may, through the introduction of resolutions, get unwitting organizations to go along with the Communist Party line on certain issues.

There are many and varied methods employed by the communists in spreading their propaganda. It is very important that we learn to recognize and neutralize them.

PRESENT TENSION

Customer: "My word, waiter, what kind of soup is this?"

Waiter: "It's bean soup."

Customer: "I don't care what it's been, what is it now?"

The super-duper salesman had accomplished a near miracle. He had sold a refrigerator to an Eskimo. One day, while in town, he met his customer.

"How's the refrigerator I sold you?" he asked.

"Swell," said the smiling Eskimo. "But my wife still doesn't have the knack of chopping up the ice squares to fit those little trays."
